June 7-11 2021

Please continue to read this summer. It is very important that the students review all of the first grade High Frequency words. I will be sending them home in a chart form. Have the students write short stories so that they can practice the four types of sentences to make their stories fun and interesting.

Objectives for the Week

Language Arts: I can gain knowledge and understanding, by talking, writing and editing stories to make them fun and interesting.

Math: I can understand and review first grade math facts and computation for retention and accuracy.

Religion: I can understand that Signs at Mass show that the word of God is sacred.

Social Studies: I can read and study about My California, its 50 states, facts, symbols, and nickname.
